

Wen Sie die Höhe von
Friesen! also
unter 20° 36' 39."

170

* Auf dem Gipfel d. Olaya

Quetaro ist ein sehr gut bekannter Punkt
und liegt unter 20° 36' 39" Nordbr. Bre. und 104° 30' 30"
16° 50' 2) der Länge. ganz so wie ich es ⁱⁿ den vorigen Stunden angegeben habe

für die Höhe da ich eine Correctionsformel den Zähler zum
Nenner gemacht habe, wodurch auch die Beschleunigung des Kolors zum
für mich angegeben. Es ist ganz das Gegenstück

und mit $\Delta Q = \frac{\sin t}{\tan D - \sin t \cdot \tan Q}$ so ist richtig

aus dem merkwürdigen $\Delta p = 0,0291 \Delta t$. Das ist 1" pro Sek. in
Stunden nicht bringt 0,03 Sek. in Breite - 1 Sekunde in Zeit
macht 0,436 Sek. in Breite so daß von 1
für ein ganz Minute zu Zeit gerechnet hätte - die Breite davon
26" einseitig sein.

So ist im neuen französischen Salamanca sind Quetaro zu befinden
Quetaro ist von Salamanca fast 12 geographische Meilen entfernt, man kann also
von einem Punkte den beiden nicht sehen und nur vermuthen da so genau die Richtung
angeben.

So wird in Salamanca vorläufig 20° 29' liegen, dann sehen wir Quetaro
Salamanca geben würde und dann von der Richtung nur einige Minuten zum
Zeit geben um Mittel haben. Daß die Mexicana ^{bequemer} ganz sicher in der Richtung mit
gehen können - ergibt sich daraus daß die Gravelle Salamanca zu Madrid
von Granada gab, daß die Richtung Ost. Der Abstand der Mag. zu folgen 25° ostlich
von Lybora liegen sollte 10 bis 12° liegen in der Richtung (fast 8 Meilen (Süd 1°)
kann die bezeichnen.

Daß diese Position nicht auf der Karte mit Salamanca, und auf der Karte und daß
von Salamanca bis Quetaro liegen $\frac{1}{3}$ der Distanz von Mexico bis Salamanca
vollständig auf. Salamanca scheint mir doch mit Quetaro auf in Parallel
geradeaus zu liegen zu liegen. Die Distanzen zwischen den Lagern der
Lagerung von Granada auf Salamanca ^{später} geben sich 10' liegen
mit jeder Minute zu berechnen. Also

To the Hon. Secy. of the Navy
 Washington D.C.
 Sir,
 I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the above subject.
 I am, Sir, very respectfully,
 Yours, etc.,
 J. M. Smith
